A COLLECTION OF BALLADS

Presented here is a collection of ballads I crafted for piano & keyboards, dating as far back as 1999.

These compositions were initially featured on the albums  
*What's Ahead?*, *Cinemusique*, *Overbrook Avenue*,  
*Flying Against the Time Zones*, and *Dreams In Blue*.

Despite spanning two decades of recording, these pieces all share a common goal:  
to encapsulate the essence of people, places and emotions with an enduring sense of tranquility.
